

## **Journey of Transformation**

*This past Friday after feeding almost 200 high school football players and coaches, an SUV rattled into the parking lot ... smoke billowing from the engine. A tinted window rolled down ... revealing a middle aged woman with tears trickling down her face and four children jumping on the back seat. A fifteen year old boy emerged from the passenger side pleading "Mister, we haven't eaten in two days. Please help my family?"*

Truth: Students in our community face many challenges ... hunger is one of them. We view our efforts as journey with students and their families, beginning when we meet them "where THEY are." Our ultimate goal is to see lives transformed as we provide them with hope. *Fighting back tears, the fifteen year old summed it up pretty well, "My family thanks God for this help."*

**If your Sunday school class or civic organization** would like learn how provide hope to students and families while enriching our community ... e-mail or call (803) 231-8394. (Our student leaders will gladly share more.) **We need volunteers** willing to spend ONE hour a week with ONE student, ride the van taking students home from after-school program, and peanut butter and jelly.

## Scooter

**The Nehemiah Project** is a national pilot project and represents a partnership with *Christ Central Ministries* and *Fellowship of Christian Athletes*. We are registered as a 501 (c) 3 organization. We serve more than 2,500 students and their families in Lexington School District Two and Bamberg School District Two. Our mailing address is PO Box 227 Lexington, SC 29071.
